INTRODUCTION:-

GREETINGS

We are a reputable and distinguished manufacturer and supplier of a diverse range of industrial machines. With a rich legacy spanning over two decades since our inception in 1994, we have continually strived to meet the dynamic application requirements of the industrial sector. Our commitment to excellence is exemplified through our comprehensive solutions for drilling, milling, tapping, cutting, and turning of metals. Leveraging our extensive knowledge and experience, we design and develop machines that are not only efficient but also impeccably reliable.

PRODUCTS AND SERVICES:

We are a reputable and distinguished manufacturer and supplier of a diverse range of industrial machines. With a rich legacy spanning over two decades since our inception in 1994, we have continually strived to meet the dynamic application requirements of the industrial sector. Our commitment to excellence is exemplified through our comprehensive solutions for drilling, milling, tapping, cutting, and turning of metals. Leveraging our extensive knowledge and experience, we design and develop machines that are not only efficient but also impeccably reliable.

MAIN CUSTOMERS:

We take immense pride in serving an esteemed clientele base that includes prominent industry leaders such as Uno Minda, Spark Minda, Rockman Industries, Lifelong, Sandhar, ALP Nishikawa, Groz, Hitachi Astemo, and ASK, among others. Our enduring relationships with these key stakeholders attest to our unwavering commitment to quality, reliability, and customer satisfaction.

QUALITY ASSURANCE:

At MTI, quality is paramount. We adhere to stringent quality control measures at every stage of the manufacturing process to ensure that each machine meets the highest industry standards. Our dedication to excellence is further underscored by our continuous pursuit of innovation and improvement, allowing us to stay ahead of the curve and deliver cutting-edge solutions to our valued customers.

CONCLUSION:

In summary, MTI, stands as a beacon of excellence in the realm of industrial machine manufacturing. With a steadfast focus on quality, innovation, and customer-centricity, we are poised to continue our legacy of success and uphold our position as a trusted partner for all industrial machining needs.

INTRODUCTION:-

COMPANY OVERVIEW

Photo

MT INDUSTRIES is specialized in SPM (Special Purpose Machine) manufacturing since 1994. The company was founded by **Mr. E. J. Mathew**, who brings over **40 years of rich experience** in SPM machine design and manufacturing, establishing MT Industries as a trusted name in precision engineering and automation. Provide a brief introduction of your company, core activities, and manufacturing capabilities.

MISSION:-

To become a world-class SPM manufacturer by creating easy and convenient manufacturing solutions for industries, enabling efficient part production and reducing manufacturing costs through high-quality mass-production machines.

VISION:-

The vision of MT INDUSTRIES is to consistently satisfy customers by delivering high-quality, cost-saving, and high-performance SPM machines designed for lowest possible cycle time and exceptional reliability.

ACHIEVEMENTS:-

MT INDUSTRIES has successfully delivered more than 2500 SPM machines across the world, serving a wide range of sectors including Automotive Industries, Electronic Industries, Defence Industries, Energy Industries, and many more.

OUR AIM

Our aim is to uplift Indian manufacturing to world-class standards, enabling the nation to compete globally through mass production solutions that offer minimum price, high efficiency, and reliable performance.

We also aim to provide the best possible solutions to reduce cycle time, helping Indian manufacturers minimize production cost and improve overall productivity.

INTRODUCTION:-

CORE COMPETENCIES

- Special Purpose Machine (SPM) Design & Manufacturing
- Precision Machining Solutions
- Hydraulic & Pneumatic Automation
- Custom Fixtures & Tooling
- Electrical & Control Panel Integration

INFRASTRUCTURE & FACILITIES

- In-house machining and assembly capability
- Over 40 years of manufacturing experience
- Skilled workforce of more than 100 employees
- 50,000+ sq. ft. manufacturing area equipped with advanced production systems
- Advanced machine tools and production equipment
- Dedicated design, fabrication, machining, and assembly departments
- Strong, highly experienced technical team
- Quality testing and inspection setup

QUALITY COMMITMENT

- In-house machining and assembly capability
- Over 40 years of manufacturing experience
- Skilled workforce of more than 100 employees
- Advanced machine tools and production equipment
- Dedicated design, fabrication, machining, and assembly departments
- Quality testing and inspection setup

QUALITY COMMITMENT

- In-house CMM (Coordinate Measuring Machine)
- 3-Axis & 5-Axis Machining Centers
- 2-Height Master for precision measurement
- 3D Scanner for reverse engineering & inspection
- CAD Design Tools: SolidWorks
- CAM Tools: SolidCAM
- Strict quality control processes at every stage of manufacturing

INTRODUCTION:-

INDUSTRIES SERVED

- Automotive Industry
- Electronics Industry
- Defence Sector
- Energy & Power Sector
- General Engineering

MAJOR CLIENTS

MT INDUSTRIES proudly serves multiple major OEMs and Tier-1 suppliers across India. Many of these clients source SPM machines for all their manufacturing plants nationwide, reflecting strong trust and long-term collaboration.

KEY CLIENTS & THEIR PAN-INDIA PRESENCE

- MINDA Group – Supplies SPM solutions to all MINDA plants across India, supporting large-scale automotive component manufacturing.
- ASK Automotive – Trusted partner for all ASK Automotive plants in India, delivering cycle-time-reduction and cost-saving machines.
- Sandhar Engineering Technologies – Serving all Sandhar plants across India, enabling mass production and precision assembly.
- Rockman Industries – Multiple plant support for machining and assembly SPMs.
- Spark Minda – Multi-location supply across India.
- MTA Autocraft – All major plants supported with drilling, tapping, and assembly SPMs.
- Global Automotive Components – Multiple units supported.
- Ridhi Tech – Multi-plant collaboration.
- FCC Clutch – Precision SPM supply for clutch components.
- Uno Minda – Multi-plant support.
- GPP, JPM, Padmini, Sidhi – Long-term multi-location clients.
- Many more esteemed customers across India.

AWARDS & RECOGNITION

- MINDA
- Spark Minda
- Rockman
- ASK Automotive
- MTA Autocraft
- Global Automotive Components
- Ridhi Tech
- Sandhar Engineering Technologies
- FCC Clutch
- Uno Minda
- GPP
- JPM
- Padmini
- Sidhi
- And many more trusted clients across various industries

MULTI DRILLING MACHINES

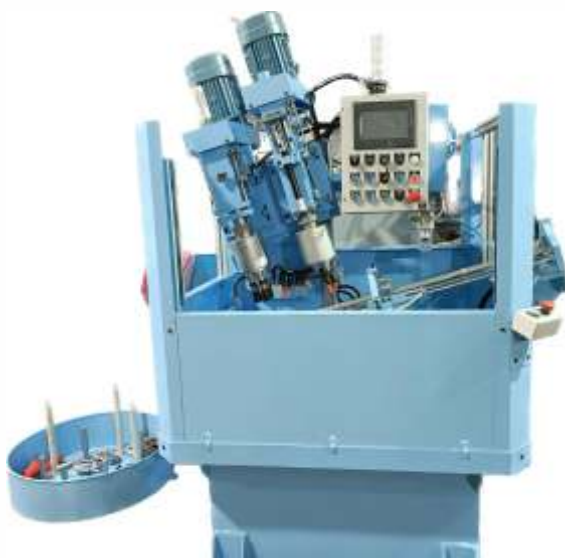

MULTI TAPPING MACHINES

MULTI-OPERATION MACHINES

Drilling, Tapping, Facing, Grooving

ASSEMBLY & COMPONENT CHECKING MACHINES

CUSTOMIZED FIXTURES & TOOLING SOLUTIONS
